

South Carolina Compilation of School Discipline Laws and Regulations

Prepared: June 30, 2022

Introduction

This compilation presents school discipline-related laws and regulations for U.S. states, U.S. territories, and the District of Columbia, and, where available, links to education agency websites or resources related to school discipline and student conduct. The discipline laws and regulations presented in this compilation have been categorized by type of specific discipline issue covered, according to an organizational framework developed by the National Center for Safe and Supportive Learning Environments (NCSSE). For example, one major category encompasses all laws or regulations governing states or territories that mandate specific disciplinary sanctions (such as suspension) for specific offenses (such as drug possession on school grounds). The school discipline laws and regulations were compiled through exhaustive searches of legislative websites that identified all laws and regulations relevant to each specific category. Compiled materials were subsequently reviewed by state education agency (SEA) representatives in the 50 states, Washington D.C., and the U.S. territories.

Discipline categories were not mutually exclusive. Laws and regulations often appeared across multiple categories. For jurisdictions with more extensive laws covering a breadth of topical areas, relevant sections were excerpted from the larger legislative text for inclusion in the appropriate discipline category. Laws, ordered by chapter and section number, appear first within each category followed by regulations. All laws and regulations listed within categories in the compilation also appear in the sources cited section of the document, which lists laws by chapter and section number and title, and where available, includes active hyperlinks to source websites supported or maintained by state legislatures. Additional links to government websites or resources are provided at the end of this document.

LAWS

59-1-380. Mandatory tobacco and alternative nicotine product-free local school board policy.

(A) By August 1, 2019, every local school district in the State shall adopt, implement, and enforce a written policy prohibiting at all times the use of any tobacco product or alternative nicotine product by any person in school buildings, in school facilities, on school campuses, and in or on any other school property owned or operated by the local school administrative unit. The policy also must prohibit the use of any tobacco product or alternative nicotine product by persons attending a school-sponsored event at a location not listed in this subsection when in the presence of students or school personnel or in an area where smoking or other tobacco use is otherwise prohibited by law.

59-5-65. Powers and responsibilities of State Board of Education.

The State Board of Education shall have the power and responsibility to:

- (1) Establish on or before August 15, 1985, regulations prescribing minimum standards of conduct and behavior that must be met by all pupils as a condition to the right of pupils to attend the public schools of the State. The rules shall take into account the necessity of proper conduct on the part of all pupils in order that the welfare of the greatest possible number of pupils shall be promoted notwithstanding that the rules may result in suspension or expulsion of pupils, provided, however, that disciplinary procedures shall be in compliance with Public Law 94-142.
- (2) Promulgate on or before August 15, 1985, regulations prescribing a uniform system of minimum enforcement by the various school districts of the rules of conduct and behavior.

59-63-140. Local school districts to adopt policies prohibiting harassment; required components; model policies by State Board of Education; bullying prevention programs.

(A) Before January 1, 2007, each local school district shall adopt a policy prohibiting harassment, intimidation, or bullying at school. The school district shall involve parents and guardians, school employees, volunteers, students, administrators, and community representatives in the process of creating the policy.

59-63-220. Suspension of pupils by administrator.

Any district board may confer upon any administrator the authority to suspend a pupil from a teacher's class or from the school not in excess of ten days for any one offense and for not more than thirty days in any one school year but no such administrator may suspend a pupil from school during the last ten days of a year if the suspension will make the pupil ineligible to receive credit for the school year without the approval of the school board unless the presence of the pupil constitutes an actual threat to a class or a school or a hearing is granted within twenty-four hours of the suspension.

59-63-1330. Discretion of school board.

Nothing in this article shall abrogate the authority of any public school district and its governing board to take such disciplinary action as it is otherwise empowered by law to take against any student for misconduct including, but not limited to, expulsion, and nothing in this chapter shall require that any student be assigned to such an alternative school. These decisions shall rest solely in the discretion of the district and school board, regardless of the offense, record of the child, or other information presented from any source.

REGULATIONS

43-279. Minimum standards of student conduct and disciplinary enforcement procedures to be implemented by local school districts.

I. Expectations for Student Conduct in South Carolina Public Schools

The mission of the SCDE is to provide leadership and support so that all public education students graduate prepared for success in citizenship, college, and careers as envisioned by the Profile of the South Carolina Graduate. Students in the public schools of South Carolina enjoy the same basic rights of United States citizenship as do other United States citizens. II. Previously Adopted School District Discipline Policies

This regulation is established as a uniform system of minimum disciplinary enforcement for the school districts of South Carolina. School districts that previously have adopted discipline policies that are consistent with and contain the elements included in this regulation may retain their local policies as adopted.

The provisions of this regulation apply not only to within-school activities, but also to student conduct on school bus transportation vehicles, and during other school-sponsored activities.

LAWS

59-1-380. Mandatory tobacco and alternative nicotine product-free local school board policy.

(C) Disciplinary actions for violating the policy may include, but not be limited to:

- (1) for students: administrator and parent or legal guardian conference, mandatory enrollment in tobacco prevention education or cessation programs, community service, in-school suspension, suspension for extracurricular activities, or out-of-school suspension.

59-63-210. Grounds for which trustees may expel, suspend or transfer pupils; petition for readmission; expulsion, suspension, or transfer.

(A) Any district board of trustees may authorize or order the expulsion, suspension, or transfer of any pupil for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience, or for violation of written rules and promulgated regulations established by the district board, county board, or the State Board of Education, or when the presence of the pupil is detrimental to the best interest of the school. Each expelled pupil has the right to petition for readmission for the succeeding school year. Expulsion or suspension must be construed to prohibit a pupil from entering the school or school grounds, except for a prearranged conference with an administrator, attending any day or night school functions, or riding a school bus. The provisions of this section do not preclude enrollment and attendance in any adult or night school.

(B) A district board of trustees shall not authorize or order the expulsion, suspension, or transfer of any pupil for a violation of Section 59-150-250(B).

59-63-235. Expulsion of student determined to have brought firearm to school.

The district board must expel for no less than one year a student who is determined to have brought a firearm to a school or any setting under the jurisdiction of a local board of trustees. The expulsion must follow the procedures established pursuant to Section 59-63-240. The one-year expulsion is subject to modification by the district superintendent of education on a case-by-case basis. Students expelled pursuant to this section are not precluded from receiving educational services in an alternative setting. Each local board of trustees is to establish a policy which requires the student to be referred to the local county office of the Department of Juvenile Justice or its representative.

59-63-240. Expulsion for remainder of year; hearings.

The board may expel for the remainder of the school year a pupil for any of the reasons listed in § 59-63-210. If procedures for expulsion are initiated, the parents or legal guardian of the pupil shall be notified in writing of the time and the place of a hearing either before the board or a person or committee designated by the board. At the hearing the parents or legal guardian shall have the right to legal counsel and to all other regular legal rights including the right to question all witnesses. If the hearing is held by any authority other than the board of trustees, the right to appeal the decision to the board is reserved to either party. The hearing shall take place within fifteen days of the written notification at a time and place designated by the board and a decision shall be rendered within ten days of the hearing. The pupil may be suspended from school and all school activities during the time of the expulsion procedures. The

action of the board may be appealed to the proper court. The board may permanently expel any incorrigible pupil.

He also shall take particular notice along his route in the mornings and give pupils within sight a reasonable time in which to board his bus. The driver shall be responsible for maintaining good conduct upon his bus and shall report promptly to the governing head of the school to or from which the pupils are transported any misconduct or any violation of the driver's instructions by any person riding in his bus.

District boards of school trustees in this State may authorize school administrators to suspend or expel pupils from riding a school bus for misconduct on the bus or for violating instructions of the driver.

I. Expectations for Student Conduct in South Carolina Public Schools

The mission of the SCDE is to provide leadership and support so that all public education students graduate prepared for success in citizenship, college, and careers as envisioned by the Profile of the South Carolina Graduate. Students in the public schools of South Carolina enjoy the same basic rights of United States citizenship as do other United States citizens. The rights of students are supported by the responsibility to insure that the rights of others are respected. This regulation is adopted with the intent to better assure that the opportunity to enjoy the benefits of public education is available to all those attending the public schools of the state of South Carolina.

II. Previously Adopted School District Discipline Policies

This regulation is established as a uniform system of minimum disciplinary enforcement for the school districts of South Carolina. School districts that previously have adopted discipline policies that are consistent with and contain the elements included in this regulation may retain their local policies as adopted.

III. Levels of Student Misconduct

- A. The levels of student misconduct considered in this regulation are arranged by degrees of seriousness. The levels are arranged from the least serious to the most serious.
- B. Three levels of student misconduct are identified: behavioral misconduct, disruptive conduct, and criminal conduct. The levels are defined in this regulation.

Disruptive conduct is defined as those activities engaged in by student(s) which are directed against persons or property, and the consequences of which tend to endanger the health or safety of oneself or others in the school. Some instances of disruptive conduct may overlap certain criminal offenses, justifying both administrative sanctions and court proceedings. criminality, and the conduct presents an immediate safety risk to one or more people or it is the third or subsequent act which rises to a level of criminality in that school year.

The provisions of this regulation apply not only to within-school activities, but also to student conduct on school bus transportation vehicles, and during other school-sponsored activities.

Due Process

LAWS

59-63-210. Grounds for which trustees may expel, suspend or transfer pupils; petition for readmission; expulsion, suspension, or transfer.

(A) Any district board of trustees may authorize or order the expulsion, suspension, or transfer of any pupil for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience, or for violation of written rules and promulgated regulations established by the district board, county board, or the State Board of Education, or when the presence of the pupil is detrimental to the best interest of the school. Each expelled pupil has the right to petition for readmission for the succeeding school year. Expulsion or suspension must be construed to prohibit a pupil from entering the school or school grounds, except for a prearranged conference with an administrator, attending any day or night school functions, or riding a school bus. The provisions of this section do not preclude enrollment and attendance in any adult or night school.

(B) A district board of trustees shall not authorize or order the expulsion, suspension, or transfer of any pupil for a violation of Section 59-150-250(B).

59-63-220. Suspension of pupils by administrator.

Any district board may confer upon any administrator the authority to suspend a pupil from a teacher's class or from the school not in excess of ten days for any one offense and for not more than thirty days in any one school year but no such administrator may suspend a pupil from school during the last ten days of a year if the suspension will make the pupil ineligible to receive credit for the school year without the approval of the school board unless the presence of the pupil constitutes an actual threat to a class or a school or a hearing is granted within twenty-four hours of the suspension.

59-63-230. Notices of suspensions; conferences with parents or guardian.

When a pupil is suspended from a class or a school, the administrator shall notify, in writing, the parents or legal guardian of the pupil, giving the reason for such suspension and setting a time and place when the administrator shall be available for a conference with the parents or guardian. The conference shall be set within three days of the date of the suspension. After the conference the parents or legal guardian may appeal the suspension to the board of trustees or to its authorized agent.

59-63-240. Expulsion for remainder of year; hearings.

The board may expel for the remainder of the school year a pupil for any of the reasons listed in § 59-63-210. If procedures for expulsion are initiated, the parents or legal guardian of the pupil shall be notified in writing of the time and the place of a hearing either before the board or a person or committee designated by the board. At the hearing the parents or legal guardian shall have the right to legal counsel and to all other regular legal rights including the right to question all witnesses. If the hearing is held by any authority other than the board of trustees, the right to appeal the decision to the board is reserved to either party. The hearing shall take place within fifteen days of the written notification at a time and place designated by the board and a decision shall be rendered within ten days of the hearing. The pupil may be suspended from school and all school activities during the time of the expulsion procedures. The action of the board may be appealed to the proper court. The board may permanently expel any incorrigible pupil.

59-63-250. Transfer of pupils.

The board or a designated administrator may transfer a pupil to another school in lieu of suspension or expulsion but only after a conference or hearing with the parents or legal guardian. The parents or legal guardian may appeal a transfer made by an administrator to the board.

59-65-60. Procedure upon receipt by court of report of nonattendance.

(a) Upon receipt of such report, the court may forthwith order the appearance before such court of the responsible parent or guardian and if it deems necessary, the minor involved, for such action as the court may deem necessary to carry out the provisions of this article.

(b) The court may, after hearing upon ten days notice, order such parent or guardian to require such child to attend school and upon failure of such parent to comply with such order may punish such parent or guardian as by contempt, provided, that punishment for such contempt cannot exceed fifty dollars or thirty days imprisonment for each offense.

The procedure herein provided shall be alternative to the penalties provided in § 59-65-20.

Return to School Following Removal

LAWS

59-63-210. Grounds for which trustees may expel, suspend or transfer pupils; petition for readmission; expulsion, suspension, or transfer.

(A) Any district board of trustees may authorize or order the expulsion, suspension, or transfer of any pupil for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience, or for violation of written rules and promulgated regulations established by the district board, county board, or the State Board of Education, or when the presence of the pupil is detrimental to the best interest of the school. Each expelled pupil has the right to petition for readmission for the succeeding school year. Expulsion or suspension must be construed to prohibit a pupil from entering the school or school grounds, except for a prearranged conference with an administrator, attending any day or night school functions, or riding a school bus. The provisions of this section do not preclude enrollment and attendance in any adult or night school.

(B) A district board of trustees shall not authorize or order the expulsion, suspension, or transfer of any pupil for a violation of Section 59-150-250(B).

59-63-217. Barring enrollment of student; grounds; notice and hearing; duration of bar.

(A) In determining whether or not a student meets the standards of conduct and behavior promulgated by the board of trustees necessary for first time enrollment and attendance in a school in the district, the board shall consider nonschool records, the student's disciplinary records in any school in which the student was previously enrolled as these records relate to the adjudication of delinquency in any jurisdiction, within or without this State, of violations or activities which constitute violent crimes under Section 16-1-60, adjudications for assault and battery of a high and aggravated nature, the unlawful use or possession of weapons, or the unlawful sale of drugs whether or not considered to be drug trafficking.

Based on this consideration of the student's record, the board may bar his enrollment in the schools of the district.

(B) If the board bars a student from enrolling pursuant to this section, notice must be provided to the student's parent or legal guardian and the student is entitled to a hearing and all other procedural rights afforded under state law to a student subject to expulsion.

(C) The bar to enrollment allowed by this section applies for a maximum of one year. After the bar is lifted, a student may reapply for enrollment and the board shall order the student enrolled if he otherwise meets enrollment criteria.

Alternative Placements

LAWS

59-63-235. Expulsion of student determined to have brought firearm to school.

The district board must expel for no less than one year a student who is determined to have brought a firearm to a school or any setting under the jurisdiction of a local board of trustees. The expulsion must follow the procedures established pursuant to Section 59-63-240. The one-year expulsion is subject to modification by the district superintendent of education on a case-by-case basis. Students expelled pursuant to this section are not precluded from receiving educational services in an alternative setting. Each local board of trustees is to establish a policy which requires the student to be referred to the local county office of the Department of Juvenile Justice or its representative.

59-63-1300. Alternative school programs established.

The General Assembly finds that a child who does not complete his education is greatly limited in obtaining employment, achieving his full potential, and becoming a productive member of society. It is, therefore, the intent of this article to encourage district school boards throughout the State to establish alternative school programs. These programs shall be designed to provide appropriate services to students who for behavioral or academic reasons are not benefiting from the regular school program or may be interfering with the learning of others. It is further the intent of this article that cooperative agreements may be developed among school districts in order to implement innovative exemplary programs.

59-63-1310. Individual or cooperative programs; funding; sites.

School districts which choose to establish, maintain, and operate, either individually or as a cooperative agreement among districts, alternative school programs shall be eligible for funding provided by the General Assembly for this purpose. The program must be operated at a site separate from other schools unless operated at a time when those schools are not in session or in another building on campus which would provide complete separation from other students. However, an existing alternative school program located in a defined area within a building which provides complete separation from other students and which otherwise meets the criteria established herein may continue at this site if the location is approved by the Department of Education. Provided, that a school district or consortium may apply for a waiver to the site requirement for a new program if it demonstrates to the satisfaction of the State Department of Education that no separate site is available and the cost of temporary classroom space cannot be justified, then the alternative school program may be established in a defined area within a building which provides complete separation from other students if the location is approved by the Department of

Education. This waiver may be granted for a period of two years. In order for the district or consortium to reapply for a waiver, they must outline efforts made to acquire a separate facility.

59-63-1320. Referral or placement of students in alternative school programs.

Eligible alternative school programs shall be provided for, but not limited to, students in grades 6-12 as follows:

(1) Students referred for voluntary attendance at the alternative school program and meeting the district criteria to attend based upon a documented need for the attention and assistance beyond that of a traditional program as established by the academic history of the student, including the student's academic plan as required in Section 59-18-500, and following other policies and procedures for documenting need established by the district board of trustees.

(2) Students referred for voluntary attendance at the alternative school program and meeting the district criteria to attend based upon a documented need for the program due to habitual exhibitions of disruptive behavior in violation of the student conduct policies and behavior codes approved by the school board of trustees.

Districts must establish clear guidelines and procedures for the referral of any student into an alternative school program and before a decision is made to assign a student to an alternative school program, a determination must be made that the written and distributed academic and disciplinary policies of the district have been followed.

(3) Students placed in an alternative school program by the district board of trustees as an option to suspension or expulsion or by the dispositive order of a family court judge, with the consent of the local board of trustees. However, before a student may be placed in an alternative school program, a determination must be made by the local board that the written and distributed disciplinary policy of the district has been followed. Districts must establish clear guidelines and procedures for the placement of any student into an alternative school program and at a minimum they shall prescribe due process procedures for placement actions.

When students are being considered for placement in an alternative school program, districts must consider the requirements of the Federal Individuals with Disabilities Education Act (IDEA).

If a student placed by the board of trustees in an alternative school program enrolls in another school district before the expiration of the period of placement, the board of trustees of the district requiring the placement shall provide to the district in which the student enrolls, at the same time other records of the student are provided, information concerning the student's placement in an alternative school program. Upon review of the information, the district in which the student enrolls may continue an alternative education program placement or may allow the student to attend regular classes without completing the period of the placement.

59-63-1330. Discretion of school board.

Nothing in this article shall abrogate the authority of any public school district and its governing board to take such disciplinary action as it is otherwise empowered by law to take against any student for misconduct including, but not limited to, expulsion, and nothing in this chapter shall require that any student be assigned to such an alternative school. These decisions shall rest solely in the discretion of the district and school board, regardless of the offense, record of the child, or other information presented from any source.

59-63-1340. Permissible divergence from traditional programs and schools.

Within the requirements of Section 59-1-440, alternative school programs may differ from traditional education programs and schools in scheduling, administrative structure, curriculum, or setting and state

requirements may be waived in these areas if such waiver assists the alternative school in meeting its purpose.

59-63-1350. Eligibility for funding.

To be eligible for funding, a district or consortium must submit a plan for the program which includes:

- (a) mission statement;
- (b) the policy for the basis of enrollment in the school;
- (c) location of the alternative school program; and
- (d) description of how the school will focus on the educational and behavioral needs of the students. This description must include strategies for individual student instruction plans, evaluations at regular intervals of the student's educational and behavioral progress, instructional methods in meeting academic achievement standards in the core academic areas, provisions for a low pupil-teacher ratio, utilization of available technology, strict codes of student conduct, counseling, strategies to gain strong parental input and support, strategies to ensure students will adapt to a regular school setting upon departure from the alternative school program, and student time lines for meeting the academic and conduct standards set. The alternative program may be provided in conjunction with the adult education program, where appropriate. Goals, interim goals, and data collection for program evaluation must be a part of the program plan.

The instructional program should enable students to make the transition to a regular school program, earn a high school diploma or GED, or seek postsecondary education. Steps should be taken to ensure that credit earned by students participating in the alternative school program can be transferred to other public schools in the State; provided, nothing herein shall prohibit school districts and/or the South Carolina Department of Education from establishing and providing new and innovative programs as may be authorized otherwise under law to meet the unique needs of alternative school students who otherwise might drop out of school or never be able successfully to complete the requirements for a diploma.

59-63-1380. Funding for alternative school programs.

A school district shall allocate to an alternative school program the same per student expenditure to include federal, state, and local funds that would be allocated to the student's school if the student were attending the student's regularly assigned school. This shall include any appropriate special education funding.

Districts or consortia meeting the eligibility requirements for alternative school funding shall receive an annual base funding minimum of \$ 30,000 or up to \$ 200,000 depending on the student population of the district; however, districts forming consortia will have as their base funding an amount equal to the total of the individual district's base funding, not to exceed \$ 350,000. The State Department of Education, for the purposes of establishing base funding, shall group districts according to their average daily membership and assign the amount of base funding that districts in a grouping would receive for eligible programs. Unobligated funds from state appropriations for base funding which become available during a fiscal year may be redistributed on a per pupil basis to eligible programs in countywide districts receiving base funding of less than \$ 100,000; however, this redistributed funding shall not become part of the base funding for the following year. Increases in fiscal year 2000-2001 funding over the fiscal year 1999-2000 recurring and nonrecurring funding shall be used to increase countywide districts' base funding by fifty percent and this new amount shall constitute their base funding.

It is the intent of the General Assembly that, after meeting the funding requirements for base funding, eligible programs, beginning with school year 2000-2001, shall also receive per pupil funding based on the average daily membership of the students served by the program at an Education Finance Act weighting of 1.49 and beginning with school year 2001-2002 a weighting of 1.74. Per pupil funds for the

alternative school program shall be distributed through the Education Finance Act formula provided for in Section 59-20-40. Beginning with school year 2002-2003, every district or district consortium shall provide alternative school opportunities for their students in grades 6-12, provided that state funding for alternative school programs is not reduced below the appropriation received in fiscal year 2001-2002.

These funds shall be used for the establishment, maintenance, and operation of alternative schools programs. Funds also may be used to provide for staff development needs pursuant to Section 59-63-1370.

Districts or consortia developing plans for the establishment of an alternative school shall be eligible for a planning grant of no more than \$ 5,000 if criteria established by the State Board of Education are met.

59-63-1390. Regulations; annual review.

The State Board of Education shall promulgate regulations for establishment, maintenance, and operation of alternative school programs to include clear procedures for annual review of the implementation and progress of the alternative school program and a three-year cycle evaluation shall examine the success of this initiative. If an annual review or the evaluation finds a program is not making progress to carry out the alternative school plan or meeting the locally established measures of success, the Department of Education shall provide technical assistance and future funding may be terminated.

59-63-1400. Review; technical assistance.

The State Department of Education shall review alternative school plans for eligibility for funding and provide technical assistance for planning, establishing, and implementing an alternative school based on best practice. The department shall assist any district or consortia whose plan does not meet the eligibility criteria; however, no funding will be approved until the plan ensures implementation of appropriate services for students served by the alternative school.

1. Disruptive conduct is defined as those activities engaged in by student(s) which are directed against persons or property, and the consequences of which tend to endanger the health or safety of oneself or others in the school. Some instances of disruptive conduct may overlap certain criminal offenses, justifying both administrative sanctions and court proceedings. Behavioral misconduct (Level I) may be reclassified as disruptive conduct (Level II) if it occurs three or more times. The provisions of this regulation apply not only to within school activities, but also to student conduct on school bus transportation vehicles, and during other school-sponsored activities.

 - d. The administrator or other school officials may refer Level II misconduct to the School Resource Officer or other local law enforcement authorities only when the conduct rises to a level of criminality, and the conduct presents an immediate safety risk to one or more people or it is the third or subsequent act which rises to a level of criminality in that school year.

Chronic Absenteeism and Truancy

LAWS

59-5-65. Powers and responsibilities of State Board of Education.

The State Board of Education shall have the power and responsibility to:

- (4) Establish on or before July 1, 1985, regulations prescribing a uniform system of enforcement by the various school districts of the state compulsory attendance laws and regulations promulgated pursuant to § 59-65-90.

59-65-50. Nonattendance reported to court having jurisdiction of juveniles.

If the board of trustees of a school district or its designee is unable to obtain the school attendance of a child in the age group specified in § 59-65-10, the board or its designee shall report such nonattendance in writing to the juvenile court or such other court in the county as may have jurisdiction of juveniles but exclusive of magistrate's courts notwithstanding the provisions of § 22-3-540; provided, that no one except the board of trustees or its designee shall have the authority to institute the proceedings herein.

59-65-60. Procedure upon receipt by court of report of nonattendance.

- (a) Upon receipt of such report, the court may forthwith order the appearance before such court of the responsible parent or guardian and if it deems necessary, the minor involved, for such action as the court may deem necessary to carry out the provisions of this article.
- (b) The court may, after hearing upon ten days notice, order such parent or guardian to require such child to attend school and upon failure of such parent to comply with such order may punish such parent or guardian as by contempt, provided, that punishment for such contempt cannot exceed fifty dollars or thirty days imprisonment for each offense.

The procedure herein provided shall be alternative to the penalties provided in § 59-65-20.

59-65-70. Court empowered to declare child delinquent.

If the court determines that the reported absence occurred without the knowledge, consent or connivance of the responsible parent or guardian or that a bona fide attempt has been made to control and keep the child in school, the court may declare such child to be a delinquent and subject to the provisions of law in such cases.

59-65-80. Enrollment or attendance of expelled or suspended child not authorized.

Nothing herein shall be construed as granting authority to require enrollment or attendance of a child who has been or may be expelled or suspended by the board of trustees of the district or any other person acting with authority from the board of trustees.

59-65-90. Rules and regulations.

The State Board of Education shall establish regulations defining lawful and unlawful absences beyond those specifically named in this article and additional regulations as are necessary for the orderly enrollment of pupils so as to provide for uniform dates of entrance. These regulations shall require: (1) that school officials shall immediately intervene to encourage the student's future attendance when the student has three consecutive unlawful absences or a total of five unlawful absences and (2) that the district board of trustees or its designee shall promptly approve or disapprove any student absence in excess of ten days. As used in this section, "intervene" means to identify the reasons for the child's continued absence and to develop a plan in conjunction with the student and his parent or guardian to improve his future attendance.

Provided, However, That nothing within this section shall interfere with the Board's authority to at any time refer a child to a truancy prevention program or to the court pursuant to § 59-65-50.

59-65-260. Duties of attendance supervisor relating to nonattending children.

The attendance supervisor shall, upon receiving the list of nonattending children from the county superintendent of education, contact as rapidly as possible the parents or guardians of such nonattending children with the object in mind of interesting nonattending children in school work, and influencing them by means of persuasion to attend school regularly. All principals shall report to such attendance supervisor on continuous absences which appear to be unwarranted, and the attendance supervisor shall make an earnest effort to have enrolled and keep enrolled all children of school age in the county.

REGULATIONS

43-274. Student attendance.

I. Lawful and Unlawful Absences

School districts must adopt policies to define and list lawful and unlawful absences.

(A) Lawful absences include but are not limited to

- (1) absences caused by a student's own illness and whose attendance in school would endanger his or her health or the health of others,
- (2) absences due to an illness or death in the student's immediate family,
- (3) absences due to a recognized religious holiday of the student's faith, and
- (4) absences due to activities that are approved in advance by the principal.

(B) Unlawful absences include but are not limited to

- (1) absences of a student without the knowledge of his or her parents, or

(2) absences of a student without acceptable cause with the knowledge of his or her parents.

(C) Suspension is not to be counted as an unlawful absence for truancy purposes.

II. Truancy

The State Board of Education recognizes that truancy is primarily an educational issue and that all reasonable, educationally sound, corrective actions should be undertaken by the school district prior to resorting to the juvenile justice system.

(A) Truant

A child ages 6 to 17 years meets the definition of a truant when the child has three consecutive unlawful absences or a total of five unlawful absences.

(B) Habitual Truant

A "habitual" truant is a child age 12 to 17 years who fails to comply with the intervention plan developed by the school, the child, and the parent(s) or guardian(s) and who accumulates two or more additional unlawful absences. This child may need court intervention and an initial truancy petition may be filed. The written intervention plan, and documentation of non-compliance, must be attached to the truancy petition asking for court intervention.

(C) Chronic Truant

A "chronic" truant is a child ages 12 to 17 years who has been through the school intervention process, has reached the level of a "habitual" truant, has been referred to Family Court and placed on an order to attend school, and continues to accumulate unlawful absences. Should other community alternatives and referrals fail to remedy the attendance problem, the "chronic" truant may be referred to the Family Court for violation of a previous court order. All school intervention plans existing to this point for this child and family must accompany the Contempt of Court petition as well as a written recommendation from the school to the court on action the court should take.

III. Intervention Plans

(A) Each district must develop a policy relating to requirements for intervention. The district plan for improving students' attendance must be in accordance with any applicable statutes.

(B) Once a child is determined to be truant as defined in Section II(A), school officials must make every reasonable effort to meet with the parent(s) or guardian(s) to identify the reasons for the student's continued absence. These efforts should include telephone calls and home visits, both during and after normal business hours, as well as written messages and e-mails. School officials must develop a written "intervention plan" to address the student's continued absence in conjunction with the student and parent(s) or guardian(s).

(C) The intervention plan must include but is not limited to

(1) Designation of a person to lead the intervention team. The team leader may be someone from another agency.

(2) Reasons for the unlawful absences.

(3) Actions to be taken by the parent(s) or guardian(s) and student to resolve the causes of the unlawful absences.

(4) Documentation of referrals to appropriate service providers and, if available, alternative school and community-based programs.

(5) Actions to be taken by intervention team members.

(6) Actions to be taken in the event unlawful absences continue.

(7) Signature of the parent(s) or guardian(s) or evidence that attempts were made to involve the parents(s) or guardian(s).

(8) Documentation of involvement of team members.

(9) Guidelines for making revisions to the plan.

(D) School officials may utilize a team intervention approach. Team members may include representatives from social services, community mental health, substance abuse, and prevention, and other persons the district deems appropriate to formulate the written intervention plans.

IV. Referrals and Judicial Intervention

At no time should a child ages 6 to 17 years be referred to the Family Court to be placed on an order to attend school prior to the written intervention planning being completed with the parent(s) or guardian(s) by the school. A consent order must not be used as an intervention plan from any local school or school district. Should the parent(s) or guardian(s) refuse to cooperate with the intervention planning to remedy the attendance problem, the school district has the authority to refer the student to Family Court in accordance with S.C. Code Ann. Section 59-65-50 (2004), and a report shall be filed against the parent(s) or guardian(s) with the Department of Social Services in compliance with S.C. Code Ann. Section 20-7-490(2)(c)(Supp. 2002).

(A) Petition for a School Attendance Order

If the intervention plan is not successful and further inquiry by school officials fails to cause the truant student and/or parent(s) or guardian(s) to comply with the written intervention plan or if the student and/or parent(s) or guardian(s) refuses to participate in intervention and the student accumulates two or more additional unlawful absences, the student is considered an "habitual" truant. Each referral must include a copy of the plan and specify any corrective action regarding the student and/or the parent(s) or guardian(s) that the district recommends that the court adopt as well as any other available programs or alternatives identified by the school district. The intervention plan must be attached to the petition to the Family Court and served on the student and the parent(s) or guardian(s).

(B) Petition for Contempt of Court

Once a school attendance order has been issued by the Family Court and the student continues to accumulate unlawful absences, the student is considered to be a "chronic" truant and school officials may refer the case back to Family Court. The school and district must exhaust all reasonable alternatives prior to petitioning the Family Court to hold the student and/or the parent(s) or guardian(s) in contempt of court. Any petition for contempt of court must include a written report indicating the corrective actions that were attempted by the school district and what graduated sanctions or alternatives to incarceration are available to the court in the community. The school district must include in the written report its recommendation to the court should the student and/or parent(s) or guardian(s) be found in contempt of court.

V. Coordination with the South Carolina Department of Juvenile Justice

Each school district should coordinate with the local office of the South Carolina Department of Juvenile Justice to establish a system of graduated sanctions and alternatives to incarceration in truancy cases.

VI. Transfer of Plans

If a student transfers to another public school in South Carolina, intervention plans shall be forwarded to the receiving school. School officials will contact the parent(s) or guardian(s) and local team members to review the plan and revise as appropriate. Court ordered plans may be amended through application to the court.

VII. Approval of Absences in Excess of Ten Days and Approval of Credit

(A) Approval or Disapproval of Absences

The district board of trustees, or its designee, shall approve or disapprove any student's absence in excess of ten days, whether lawful, unlawful, or a combination thereof, for students in grades K-12. For

the purpose of awarding credit for the year, school districts must approve or disapprove absences in excess of ten days regardless as to whether those absences are lawful, unlawful, or a combination of the two.

(B) High School Credit

In order to receive one Carnegie unit of credit, a student must be in attendance at least 120 hours, per unit, regardless of the number of days missed, or must demonstrate proficiency as determined by the local school district. This exception to the 120-hour requirement is to be administered by local school districts on a case-by-case basis and only for students who have excessive absences that have been approved by the local school board. General request for proficiency-based credit must be made through the process described in Regulation 43-234. Students whose absences are approved should be allowed to make up any work missed in order to satisfy this requirement. Local school boards should develop policies governing student absences giving appropriate consideration to unique situations that may arise within their districts when students do not meet the minimum attendance requirements. Therefore, districts should allow students, whose excessive absences are approved in part 1 of this section, to make-up work missed to satisfy this requirement.

Examples of make-up work may include

- (1) after-school and/or weekend make-up programs that address both time and academic requirements of the course(s), or
- (2) extended-year programs that address both time and academic requirements of the course(s). All make-up time and work must be completed within thirty days from the last day of the course(s). The district board of trustees or its designee may extend the time for student's completion of the requirements due to extenuating circumstances that include but are not limited to the student's medical condition, family emergencies, and other student academic requirements that are considered to be a maximum load. Make-up requirements that extend beyond thirty days due to extenuating circumstances must be completed prior to the beginning of the subsequent new year.

VIII. Reporting Requirements

The South Carolina Department of Education will develop and implement a standard reporting system for the adequate collection and reporting of truancy rates on a school-by-school basis.

IX. Guidelines

Additional information relating to the implementation of this regulation will be contained in South Carolina Department of Education Guidelines. The South Carolina Department of Education will review and update these guidelines as needed.
